The Master in International Business Management qualifies you for management positions in international companies and organisations. You will focus on project management and applications, acquiring both strategic as well as operational skills. The Master International Business Management offers you:

- Profound knowledge of concepts, theories and applications of business administration
- An interdisciplinary understanding of international management
- The option to specialise in International Management or Digital Business Management & Leadership
- A dedicated Career Service and a strong network

### Programme Structure

The Master in International Business Management begins in September annually and runs over the course of 15 months. The full-time programme is divided into three sections:

- Phase 1: You learn and build upon fundamental concepts, theories and applications of business administration. You will develop an essential understanding of international management
- Phase 2: Through the elective modules, you will specialise in International Management (incl. a one-week study trip to London) or in Digital Business Management & Leadership
- Phase 3: Your master's thesis

### Programme Content

The Master in International Business Management tackles current topics in international management as well as practical issues in global companies. In addition to traditional management skills, you learn new ways of shaping business models and value chains, marketing products and services, and new management styles. A modern mix of methodological teaching approaches and the integration of practical projects. This enables you to develop the ability to apply your knowledge to international issues in a creative, solution-based manner.

Elective modules in Digital Business Management & Leadership prepares you for leadership roles in the era of digitalisation. An international digital business safari takes you right through Berlin, a hotspot of this industry. You will witness the countless facets and opportunities this industry has to offer first-hand.

By focussing on International Management, you extend and broaden your knowledge in areas such as project management, media marketing and entrepreneurship. Incorporated into this is a one-week study trip to Kingston Business School in London.

We will also discuss objectives, structure and typical interview questions and you will practice in plenary assemblies or small groups.

## Admission Requirements

- Completed university degree
- One year post-graduate work experience
- Very good knowledge of English (minimum scores - TOEFL: cbt 213 points or ibt 79 points; IELTS: 6.5 points)

## Application

Each year, applications are accepted from 1 January. We recommend applying early as admissions are made on a rolling basis depending on suitability. 25 places are assigned annually for the programme start in September.
